2nd Assistant/Assistant in training

**East Hampton Golf Club
Long Island, NY**

DATE: 2/16/2023

COURSE / BUSINESS: East Hampton Golf Club

COURSE / BUSINESS INFO: Situated on what was once farmland owned by a local East Hampton family, the 18-hole layout was designed by world-renowned golf course architects Ben Crenshaw and Bill Coore. The course offers a challenging and contrasting mix of holes played on inland links and parkland-style natural contours. The greens provide challenging undulations surrounded by deep-faced bunkers and beautiful sandy waste areas. It has been called by many visiting golf professionals and writers a “hidden gem”! Our staff at every level focuses on providing our members with a memorable and enjoyable experience. So while we are very proud of the physical plant, we are even more proud of our staff.

RESPONSIBILITIES: This position fits a candidate who desires to learn and grow through first-hand experience of all duties required to maintain the facility. This could include a candidate suited for an introductory role or an individual looking to advance their career to an upper-level management position. Candidates can expect to lead small teams while working hands-on in the field, developing their skill sets, and working closely with the Superintendent and senior staff. Communication skills and a willingness to work on a team are desirable traits.

QUALIFICATIONS: Certificate, degree, or minimal experience in the field

COMPENSATION: \$60,000 to \$70,000

BENEFITS: Single-room shared housing with other upper management staff members
Health insurance
401k eligibility
Year-end bonus
Local/national association dues
Paid time off, including holiday, vacation, sick and personal days
Staff meals
Uniforms
Golf privileges

SEND RESUME TO: Doug Warner, Golf Course Superintendent
