Dear Industry Partner:

As we welcome 2025, I am honored to serve as President of the Long Island Golf Course Superintendents Association (LIGCSA). Your steadfast partnership is the foundation of our success, enabling us to advance the art and science of golf course management while strengthening our industry as a whole.

The **Industry Partner Program (IPP)** is central to LIGCSA's position as a leading superintendent association. More than just sponsorship, the IPP is a true partnership—one that fosters innovation, supports education, and provides essential resources that benefit our members and the broader golf community.

Sustainability and Advocacy: A Shared Vision

We take pride in our role as environmental stewards through the New York State Best Management Practices (NYSBMP) for golf courses. Developed with Cornell University, these practices demonstrate our leadership in sustainability and serve as an effective tool in government relations, ensuring golf courses are recognized as models of responsible environmental management.

In 2025, we are also excited to deepen our collaboration with the New York Golf Alliance on an economic and environmental impact study. This initiative will showcase the significant contributions of golf courses to local economies and natural resource preservation, strengthening our advocacy efforts for the industry.

Strengthening Industry Collaboration

Your contributions through the IPP allow us to support organizations like NYS-TA, the Tristate Turf Research Foundation, and the GCSAA Foundation. These partnerships advance turfgrass research and education, equipping our members with the tools and knowledge to address today's challenges and ensure a thriving future for the profession.

A Year of Growth and Connection

This year, we're excited to offer a dynamic range of opportunities for members and Industry Partners. From premier golf and networking events to our winter webinar series, we remain committed to fostering professional development and meaningful connections. Our webinars will once again offer GCSAA continuing education credits and NYSDEC pesticide recertification credits, creating exceptional value for participants.

Your Impact and Our Commitment

We are deeply grateful for your continued support. The LIGCSA Board is committed to enhancing your sponsorship experience through greater recognition, increased engagement opportunities, and clear demonstrations of your value to our association.

Thank you for enabling us to fund initiatives, develop programs, and deliver resources that impact our profession and community. Here's to a successful 2025 filled with progress, collaboration, and shared achievements. Please don't hesitate to reach out with any questions or to explore new opportunities.

Sincerely,
Kenneth Lochridge, President

2025
